BURLINGTON MAN SHOT BY NEGRO WILL RECOVER

ED GILL, NEGRO, BROUGHT TO
CAMERON BY SHERIFF BLAY-
LOCK FROM AUSTIN SUN-
DAY

Ed Gill, negro, charged with the shooting of Walter Stobener, farmer of Burlington, Monday afternoon, Feb. 1 who was placed under arrest in Austin Wednesday following the shooting, has been returned to Cameron by Sheriff L. L. Blaylock, and is now in jail here.

Walter Stobener, who was shot twice through the body with a 30-30 Winchester, is in the Cameron Hospital and will recover from his wounds. He has shown steady improvement despite the serious nature of his wounds.

Ed Gill, the negro, was shot in the hip in the gun fight which resulted from a quarrel between Stobener and the negro, and has been in a critical condition. Sheriff Blaylock announced this morning. The bullet which wounded the negro buried part of the clothing in the wound. Fleeing from the scene of the shooting the negro went to Austin where he was placed under arrest on information furnished by Sheriff Blaylock. The negro's wound was dressed by the Public Health Officer in Austin. While returning to Cameron with Sheriff Blaylock the negro suffering from his wound, fainted three times. He is now improving.

The shooting followed a quarrel between Stobener and Gill. The negro owed Mr. Stobener \$20 and was preparing to leave the place. When asked by Walter Stobener, the son, to wait until his father had returned, went to his home and appeared with his Winchester and opened fire on Stobener. In the account published last week in the Herald it was stated that the wife of Gill who was in jail, declared Stobener owed the negro \$20. This was an error, the account being owed by the negro to the owner of the farm, as explained by Mr. Stobener Friday.

Date for examining trial has not been set.

BLUE SKY MEASURE PASSED BY SENATE

BILL TO REGULATE THE SALE
OF STOCK IN TEXAS GOES
TO LOWER HOUSE

Austin, Texas, Feb. 6.—Senator Carlock's bill proposing a blue sky law for Texas and creating a Texas securities committee to supervise the provisions of the act was finally passed by the senate today. The bill now goes to the house. It proposes to prevent fraud in sale of stocks, bonds and other securities in Texas and is patterned after the California law on this subject.

The joint resolution by Senator Page proposing an amendment to the constitution increasing the salaries of the governor and attorney general to \$8,000 annually and the salaries of the comptroller, state treasurer and secretary of state to \$5,000 annually was finally passed by the senate. Senator Murphy's bill providing that all judgments for pecuniary fines in misdemeanor cases shall be suspended for 30 days in order that the defendant may have a chance to satisfy the judgment was finally passed; Bledsoe's bill exempting buildings, such as grain elevators, from the fire escape law when such buildings are fireproof was also finally passed.

W. T. Clark, who has been with Mr. E. O. Schiller, Druggist for the past seven years has resigned his position and is now with the New Cameron Drug Co., where he will be pleased to see his old friends.

Constantinople, Feb. 8.—Half the total Bolshevik forces are grouping for military operations, according to latest information received here, with forty divisions of the Soviet army on the Polish front and twelve divisions on the Roumanian front. Those on the Polish front are assembling in the regions of Smolensk, Vitebsk and Orsha, reports say.

Of the general reserves, Budenny's first cavalry corps is said to be near Gomel and the second cavalry corps in Central Ukraine. The total Bolshevik forces are estimated to number 600,000 effectives, of whom 400,000 are on the various frontiers of Russia.

Tokio, Feb. 8.—Russian Bolsheviks have attempted to assassinate Gen. Kolchiro Tachibana while en route from Chang Chung to Vladivostok to take the place of General Oi as commander of Japanese troops in Eastern Siberia, says a dispatch to the Jiji Shimpo of Osaka. The newspaper's correspondent declares that the Japanese plan offensive operations there.

J. DEAN HOWELL MARRIED TO MISS FERN KILANDER

CAMERON YOUNG MAN, SON OF
T. A. HOWELL WEDS IN AUSTIN,
WEDNESDAY, FEB. 5.

Mr. and Mrs. Jay Dean Howell returned to their home in Austin Sunday afternoon after a brief visit of several days in Cameron in the home of his parents, Mr. and Mrs. T. A. Howell.

Mr. Howell and Mrs. Howell, who was before her marriage, Miss Fern Kilander were married in Austin Wednesday afternoon, February 5, at 5 o'clock. Mr. Howell has for several years been a student in the University of Texas but is now with the Department of Education in Austin. Mrs. Howell was also a student in the University where the interesting romance began.

The wedding was solemnized in the home of J. M. Crawford in Austin. The ring ceremony was used with Dr. Jewett pronouncing the marriage ceremony. The wedding march was played by Hilton E. Howell, brother of the groom and a well known Cameron boy. Only a few immediate friends and relatives were present. Those who attended from Cameron were Mr. and Mrs. T. A. Howell, and sons, Bill, Lee, and Alva; Mr. and Mrs. Roy Griffith and daughter, May and Miss Gussie Castleberry of Rockdale.

After the marriage Mr. and Mrs. Jay Dean Howell motored home with relatives to spend the week-end. They returned to Austin Sunday to make their future home.

The Herald with a host of friends here join in wishing them happiness and prosperity in their wedded life.

ODD FELLOWS MEET TONIGHT FOR FIRST DEGREE WORK

The Cameron Odd Fellows will hold their regular meeting tonight with work in the first degree. A number of visiting Odd Fellows will be here from Rosebud to see the work put on. Recently the lodge has been very active in initiation and promotion of candidates. All the local members are requested to attend the meeting.

CENTRAL PRODUCE COMPANY IMPROVING QUARTERS HERE

The Central Produce Company is remodeling its place of business in Cameron and making ready for an expansion of the business during the current season.

The company paid out in seven weeks more than \$50,000 to the farmers for products during the fall season. Mr. Peters, the manager, plans to increase this volume during the current season.

ANTI-RAT CAMPAIGN TO BE WAGED HERE IS NOW UNDER WAY

CHAIRMAN DR. T. J. DENSON IS-
SUES PLAN TO EXTERMIN-
ATE RODENTS—TO PAY
2 1-2 CENTS EACH

An appropriation of \$50 has been made by the Cameron Commercial Club to pay for rat tails at the rate of two and one-half cents each. The Club will appropriate more money if demanded as the Anti-Rat Campaign in Cameron progresses.

An effort is being made to enlist the help of the boys to exterminate rats and the payment of two and one-half cents for each rat tail presented to the committee is one of the details of the plan to rid the city of the rat.

Dr. T. J. Denson, chairman of the Civic Improvement Committee in the Commercial Club is in charge of the campaign with the assistance of Mayor U. S. Hearrell and others. An accurate check will be made and payment made for the number of rats killed by each of the boys who enter the campaign. The time of payment will be decided upon by the committee. All who wish to assist in this campaign are asked to consult the committee.

The Commercial Club on the recommendation of Dr. Denson has adopted the plan of the state department of agriculture which recommends poisons for use in killing the rats. It is asked that only this kind of poison be used as it will not affect domestic animals. A permissious use of poison is regarded as dangerous and may lead to serious developments. To avoid this the committee has adopted the plan mentioned.

This is a very important matter and the full co-operation of the citizens is asked. The homes of the city will be furnished with a copy of the plan and will be asked to aid the committee and the club in ridding the city of rats.

The following is the plan adopted and recommended by the committee:

Place a common goods box about 3 feet long on the floor of the building, about 2 1-2 inches from the wall. This makes a runway. A small strip of board is then taken from the lower edge of the box on the side of the runway so that the rats can get into the box. Turn the box bottom up, making a runway and playground combined. Loosen a board at the top of the box to insert the bait and later the poison. Keep the top closed. Every evening open the top and put in the bait which should not be touched with the hands. Various baits such as oatmeal made in the form of a dough, toasted bread moistened with water, cheese and meat scraps are excellent baits. Feed the rats for several days or until you think you have them all coming for their feed. Now put out the poison bait, cleaning the box of all unused bait. Clean the box early in the morning before the poison bait is put out.

DR. JOHN DENSON TO NEW ORLEANS

CAMERON PHYSICIAN TO TAKE
POST GRADUATE COURSE IN
GENERAL MEDICINE FOR
FOUR WEEKS

Dr. John Denson, Cameron physician, has left the city for New Orleans where he will spend four weeks in taking a post graduate course in general medicine. Dr. Denson is well known in this section of the state as a physician and the post graduate course will afford him a profitable advantage in improving his knowledge of the profession.

Dr. Denson was a soldier of the world war and served with distinction, being decorated by the French government for gallantry in action. He was in the medical corps with the rank of Major.

J. M. Wilkerson and mother, Mrs. W. W. Wilkerson of Yarrington, spent Saturday with Mrs. Wilkerson's son, W. A. Wilkerson, a prominent merchant of Cameron.

PRESBYTERIANS TO ATTEND LAYMEN'S MEETING IN WACO

WOMAN'S AUXILIARIES ALSO
WILL MEET—TWO DAY CON-
VENTION PLANNED

Quite a number of the members of the local Presbyterian church are planning to attend the coming convention of the Laymen's Missionary Movement of the church in Waco, Feb. 17th and 18th.

The sessions will be held in the First Church and will begin at 2:30 on the 17th. Quite an array of strong speakers will be present, among whom are J. Campbell White of New York, Fred C. McMillan of Des Moines, Iowa; M. L. Swinhart, Business Manager of the Presbyterian Mission in Korea, besides many others.

One unusual feature will be that though it is a great discussion of church work there are no ministers on the program.

At the same time there will be a parallel convention of the Woman's Auxiliaries. There will be a list of strong speakers and workers who will be heard in this convention. The evening sessions of the two conventions will be held together.

This is going to be one of the greatest spiritual feasts that has come this way or will come soon and all indications are that there will be a big crowd of Presbyterians in Waco next week.

ELECTRIC MOTOR IS BURNED IN PLANT OF CAMERON HERALD

W. A. BEAL DISCOVERS FLAMES
AND PREVENTS DESTRUCTION
OF BUILDING.

Discovery of fire originating from a large motor in the plant of the Cameron Herald about 5:30 o'clock Monday morning by W. A. Beal, prevented the destruction of the plant and building.

Mr. Beal who has been employed by the First National Bank as night watchman during the period of constructing the new building, was returning home when the reflection of flames from the glass of a window attracted his attention. Mr. Beal approached the building with drawn revolver to investigate, going to the window with the suspicion that the plant had been burglarized. Finding no one about the building he went to the home of W. M. Ross nearby. They returned immediately and entered, putting out the fire.

The switch had been pressed in so that only two phases of the motor was affected by the current. The voltage received by the motor was not sufficient to start it moving, but throughout the night it burned until completely destroyed, the flames spreading to the wood base and to the floor when discovered by Mr. Beal.

The motor was almost totally damaged. Mr. Luckett, electrician, was consulted and within a few hours installed a new motor and had the plant in working order. The damaged motor has been sent to Houston for repairs.

The Herald extends thanks to Mr. Beal for having saved the plant.

TO OVERHAUL BURLINGTON TELEPHONE EXCHANGE SOON

A. W. Luckett, Cameron electrician has contracted with Manager Smith of the Burlington telephone exchange to overhaul the entire system. Work on the exchange will begin in a short time, Mr. Luckett announced this morning.

The Maysfield telephone exchange was recently overhauled by Mr. Luckett. Mr. Luckett is soon to occupy a new building for his business in Cameron where he will stock other lines of electrical goods to serve his constantly growing trade.

H. L. Yager of Maysfield, spent Monday in Cameron.

To Contest Will of Late Pioneer Mrs. Lizzie Wilson

Contest of the will of the late Mrs. Lizzie B. Wilson, pioneer woman of Milam county whose estate is estimated at \$400,000, will be made in the courts here this month.

H. C. Ledbetter, nephew of the late Mrs. Wilson, will contest the will. The date for hearing has been set for February 24.

Jeff T. Kemp, executor of the estate, appointed without bond, will be represented by Henderson, Kidd and Henderson, lawyers of Cameron. Mr. Ledbetter will be represented by O. L. Stribling and S. H. Clayton, attorneys of Waco. Mr. Ledbetter resides in Waco. He did not share in the disposition of the property of the estate under the will made by Mrs. Wilson.

The contest has attracted wide attention because of the value of the estate and the prominence of Mrs. Wilson who was a great benefactress having donated large sums of money to schools and to individuals during her lifetime. The Wilson and Ledbetter families were among the early settlers in this county and are linked with the history of the state for the past half century and more.

LOUIS S. PIERCE TO MARKETS THIS WEEK

Louis S. Pierce of Navasota, owner of the Louis S. Pierce store in Cameron, was in the city early this week on his way to the markets of the north and east to buy goods for the spring and summer business.

Mrs. B. F. Bonds, milliner for the Cameron store is also in the east this week to buy spring and summer millinery.

Mr. Pierce has faith in the business outlook and will purchase heavily while in the east. He will be away for two weeks or more while buying goods.

TRIGGS RETURNS FROM MARKETS OF THE EAST

R. A. Triggs, manager of the Triggs Dry Goods Company in Cameron, returned Sunday from a two weeks tour of the eastern markets where he made purchases for the store in Cameron.

Mr. Triggs expressed his optimism by purchasing heavily of spring and summer goods, shipments of which are beginning to arrive in Cameron.

Mr. Triggs makes an annual trip to the east to buy goods for his business in Cameron.

K. P. LODGE WILL MEET FRIDAY NIGHT

CHANCELLOR COMMANDER R. A. TRIGGS CALLS SPECIAL MEETING TO CONFER DEGREES

A special meeting of the Knights Pythias Lodge will be held Friday night. A call for this meeting was issued yesterday by R. A. Triggs, Chancellor Commander.

Fred Henry, Keeper of Record and Seal, is notifying all members possible in person in order to get as large attendance as possible at the meeting. A number of candidates will be in waiting for the degrees.

Five candidates were given the first degree Monday night. Other candidates will be given the first degree Friday night. This will give the lodge seven candidates to complete work of the higher degrees.

The Knights Pythias Lodge in Cameron is one of the oldest lodges in Texas and is doing good work, increasing its membership rapidly. The call for a special meeting has been issued and the members are urged to attend.

Recently the lodge entertained the Grand Chancellor of the State.

SCHOOL BUILDING SAVED BY CARRIER OF MAIL WEDNESDAY

GEO. MODE PUTS OUT FLAMES
THREATENING SALEM SCHOOL
FOR SECOND TIME WEDNES-
DAY

For the second time within the past five years George Mode, carrier of the United States mail on Rural Route One out of the Cameron office, Wednesday saved the Salem school building from destruction by fire.

Mr. Mode discovered the flames issuing from the roof of the building as he approached the school Wednesday morning. He immediately gave the alarm and began his heroic work to save the building. None of the occupants of the building had discovered the flames. Mr. Mode while mounting to the roof called for water but no water to fight the flames was available. He then tore the burning shingles from the roof thus saving the building.

Five years ago Mr. Mode saved this building under almost the same circumstances, having discovered the fire as he was passing on his mail route.

FUNERAL SATURDAY OF MRS. DELLA LAIRD

PIONEER WOMAN WHO DIED IN
CAMERON BURIED IN MURRY
CEMETERY SATURDAY

The funeral of Mrs. Della Laird, aged 66 years, pioneer woman of Milam county, who died in Cameron Wednesday morning, February 2, was held Saturday morning with services in the home and burial in the Murry Cemetery at 1:30 p. m.

Mrs. Laird died while seated in her chair in her home here. She had been in critical health for several weeks.

Mrs. Della Laird was born December 4, 1854 and died February 2, 1921. She resided near Tracy in this county for thirty years, moving to Cameron eighteen months ago to reside with her sons here in her declining years. She was a pioneer of this county and her death will be received with widespread sorrow among the people of the county where she has resided for more than a half century.

She was the widow of the late Nat Laird to whom she was married in this county. Mr. Laird died at the home near Tracy July 29, 1921.

She is survived by six children, all of whom are living as follows: James, Robert and Preston Laird of Cameron; Mrs. C. W. Baggett, Tracy; Mrs. Louis Robbins, Mrs. Bob Davis, Tracy; two sister, Mrs. Awalt of Houston and Mrs. Boon of Rockdale. There is also a large number of grandchildren and great grandchildren.

Funeral was held Saturday with services in the home conducted by Rev. S. B. Culpepper, pastor of the Baptist church, the church of Mrs. Laird.

Burial was made in the Murry Cemetery on the Rockdale and Tracy road. The undertaking parlors of C. N. Green & Brothers had charge of the body.

The Herald extends its sympathy to the bereaved relatives.

LON CHANEY—A HUMAN CHAMELEON AT NEW HEFLEY FRI. AND SAT.

Talk about your double lives! That Man Lon Chaney leads a dozen of 'em! He has Dr. Jekyll and Mr. Hyde looking like bush league masqueraders of a village ball. The lady with a magic wand was a mere parlor magic amateur compared to Lon and every chameleon in a zoo he visited recently died from envy. You've heard of the magician Merlin, who could change himself into any form he chose? Well, Chaney is the Merlin of the movies and he doesn't have to depend upon any old cabalistic signs or mystic fireworks either.

Truly Lon Chaney is a character-man de luxe. Once more he proves it in his latest cinema characterization of Raoul Chalon in James Oliver Curwood's great photodrama, "No-mads of the North," which will be the attraction at the New Hefley Theater Feb. 11th and 12th. Although the part is really a juvenile lead—he succeeds in putting a lot of genuine character into the role, causing the sturdy man of the vast open North-land to remain indelibly upon every memory.

AT THE NEW HEFLEY 25th and 26th

Imbued with the thought that in his veins flows the blood of Napoleon, Karl Brietman, child of past generations, nurses his ambition to be a Napoleon IV. To accomplish his aim he woos Hedda Gobert, wins her love and rifles her jewel box for a map that gives the location of vast riches.

Then financed by a group of decadent scions of the once noble families of France, Brietman sailed for America to hunt for the treasure.

In America is Admiral Killigrew, U. S. N. His daughter, Laura, reports weird noises from a chimney. Her fright scares away the Admiral's secretary. So Laura went to New York to find her dad a new secretary. There she meets Karl Brietman and engaged him to work for her father.

Alarmed by the strange noise in the chimney on the first night spent in the Admiral's home, both Fitzgerald and Brietman investigate. Next day the chimney is torn down and the mysterious map is found. The Admiral decided to take his entire staff on a treasure search to Corsica. Brietman is first to reach the treasure upon the arrival of the ship. He lowers it into the sea.

Warned that his professed friends are ridiculing him, Brietman spies on their meeting, insults Picard and arranges for a duel. He is mortally wounded. And then an interesting love theme develops in the story.

FIERY, ITCHY SKIN QUICKLY SOOTHED BY THIS SULPHUR

Mentho-Sulphur, a pleasant cream, will soothe and heal skin that is irritated or broken out with eczema; that is covered with ugly rash or pimples, or is rough or dry. Nothing subdues fiery skin eruptions so quickly, says a noted skin specialist. The moment this sulphur preparation is applied the itching stops and after two or three applications, the eczema is gone and the skin is delightfully clear and smooth. Sulphur is so precious as a skin remedy because it destroys the parasites that cause the burning, itching or disfigurement. Mentho-Sulphur always heals eczema right up. A small jar of Mentho-Sulphur may be had at any good drug store.

undergo the novelty of speeding from Los Angeles to San Diego in a "Chicago-to-New York" train. The novel trip was just one of the incidents necessary for the filming of "Blackmail." The train was used as a portable stage upon which concluding scenes of the star's latest picture were photographed.

In the story by Lucia Chamberlain which appeared in Saturday Evening Post and from which the film adaption was made by Albert Shelby LeVino, the heroine of the polite underworld drama in one part meets a wealthy man on a train. She wins his sympathy by telling him the story of a fictitious robbery of which she pictures herself as having been the victim.

It was this episode in the thrilling story that was filmed on the "Chicago-to-New York" train. A special motor generator outfit and lighting equipment was installed on the coaches by the motor electrical department and more than one hundred persons participated in the scenes aboard the train.

According to Miss Dana the only agreeable feature about the hurried trip was the fact that there was no conductor to collect the increased ticket fare.

LANDSLIDE WHILE YOU WAIT

It is no longer considered good form for a motion picture director to film a mere story, with simple scenes. The public, grown more and more blasé, likes thrills—satorial, scenic emotional, pictorial. And far be it from anybody in Hollywood, U. S. A. to disappoint the public.

One of the thrilling thrills staged in many a day in Southern California which is now as accustomed of movie sensations as it is to its native earth-

quakes, was the landslide which Director William D. Taylor ordered to start down a given cliff side at a given moment, the moment being, of course, that in which the fair heroine of "The Furnace" came along the road at the foot of the cliff.

A simple stunt, you say? Well, it does seem simple. The thing that complicated it was the fact that the force of gravity cannot, like an electric light, be turned on and off at will. And as soon as a few tons of earth and rocks were loosened, they promptly slid down the side of the cliff and settled on the road in an ignominious heap compared with the really huge landslide that Director Taylor had intended—and meant to have, before the camera was allowed to do any recording.

Twenty men and several skilled engineers worked for long time digging and planning methods of overcoming the mechanical difficulties of that landslide, so that at least a hundred tons of earth and rocks should be made to start down that cliff at their bidding, sliding down naturally, not being blown out.

Elaborate and difficult construction is a more welcome task than wholesale destruction to the corps of engineers and mechanics who assist the motion picture director to gain his scenic and spectacular effects. For the destruction, whether by fire, wind, or wave, is often likely to get out of hand and make a lot of trouble for everybody concerned.

Exactly this occurred in another scene in "The Furnace" when a sudden wind storm and thunder squall breaks up a beautiful garden party, scattering the guests. Four wind machines were used, and so enthusiastically did they perform that the marquee where refreshments were being served was overturned and sev-

eral hundred dollars' worth of cut glass, not included in the estimate of the wreckage, was smashed to smithereens, while dozens of feminine extras, meant to be merely blown about, had their costumes and parasols torn and ruined by the miniature cyclone. Director Taylor declared after this unexpected melee that it was easier to pay the bill for the broken glass than to calm the angry extras and settle for their ruined finery.

"The Furnace" will be shown at the Auditorium Theater Friday and Saturday.

HOUSEWORK IS BURDEN

Woman's lot is a weary one at best. Burdened with backache and other distressing kidney ills life indeed becomes a burden. Doan's Kidney Pills have made life brighter for many Cameron women. Read what Mrs. Martha Moore, E. 2nd Street, Cameron, says: "For a great many years Doan's Kidney Pills have been my standard medicine for kidney complaint. I have taken Doan's when my back and sides have been so lame and sore that I couldn't do my housework. When my kidneys were irregular, I would get dizzy spells when stooping that just couldn't be explained. That condition made me feel out of sorts. When I took Doan's Kidney Pills and about one or two strengthened my kidneys and restored by to good health. I very gladly recommend Doan's Kidney Pills to anyone."

You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

THE QUICKSANDS OF PAPER MONEY

The times demand clear thinking and courageous action. We must plant our feet on fundamentals. We must search out general laws, not seek special cases. During the war we placed a premium on speed; now we must place a premium on sanity.

Five overshadowing financial measures are before Congress. Frightened men are clamoring for immediate action. All of the five projects are meritorious, considered directly. All attempt short cuts from the economics of war to those of peace.

Our demobilized soldiers and sailors petition for a bonus of a billion dollars or more. Many of them left good jobs and returned to find them occupied or abolished. Many were wounded or suffered disease and are left in an incapacitated condition to make a fresh start in life. The cancellations of war insurance indicate that want and unemployment are rife among our veterans.

Our farmers find the prices for their products below the cost of production, especially for cereals, wool, hides and cotton. All too often the return will not suffice to pay off the loan contracted for the season. We need stimulation of ownership in farms. We cannot profit by the ruination of tenants. Europeans hunger and freeze while our farmers have no market for surplus products. A credit would represent the difference between solvency and insolvency to many farmers, and alleviation to all.

Our manufacturers must find markets or close down. Already we have serious unemployment in many lines, especially in textiles. Unemployment means suffering to workers' innocent families; it holds the seed of danger to society. The outside world is clamoring for our goods, but cannot buy against the high-premium dollar. A credit for export trade would guarantee employment during the winter and make a gradual and safe deflation possible.

Our railways and our merchant marine require new capital to maintain their functions. A billion dollars loaned to them would reap a national reward in service and efficiency. Ineffective transport is a drag upon every producer and consumer. Freight rates cannot be raised again. Private investors are not attracted under present circumstances.

SVETLIK-FISHER

A pretty wedding was solemnized last Wednesday evening at the home of the bride's parents when Miss Clara Fisher became the bride of Mr. John Svetlik. Reverend Robert Alberts of Temple, said the ceremony. Only a few friends and relatives were present.

The bride was gowned in white duchess satin with filmy sweeping veil, which fell the length of the train, adjusted with orange blossom wreath. Her only ornament was a beautiful diamond bar pin, the gift of the groom. Her attendant was Miss Rosa Svetlik, sister of the groom, who was bridesmaid. Mr. Harry Hannes acted as best man.

A wedding dinner and reception were held immediately after the ceremony, after which Mr. and Mrs. Svetlik left for a brief wedding tour to points in South Texas. They will make their home on the Svetlik farm near this place.

The bride is the youngest daughter of Mr. and Mrs. Will Fisher. She was reared at this place and has many admiring friends here. The groom is a son of Mr. and Mrs. John Svetlik, Sr., highly respected residents of this community. They have the best wishes of their friends for a life of happiness.

CAMERON DEFEATS BRYANT STATION

Last Friday afternoon at three o'clock the boys' basket ball team from Bryant Station met the team from Cameron school on the court and a hotly fought contest ensued. There was a large and enthusiastic number of spectators present to witness the game. Mr. Joe Childers, principal of Bryant Station school, refereed the game. The teams were well matched as to size and weight. Good team work was shown by each

All of these combined claim some five billion dollars. We have this year a looming deficit of two billion dollars, a prospective one next year of another billion. Bonds, War Stamps and Thrift Stamps fall due directly thereafter. Tax returns are falling, due to shrinkage in inventories, reduction of output, deflation of prices and palsy of enterprise. To cover these items we should require during the next few years some ten billion dollars beyond current receipts.

Where is the money to be sought? European experiences show us the way. European nations have faced similar urgent cases. They have yielded to them, labeled them extraordinary expenditures and marched out on the broad downhill highway of paternalism.

The money can be got only one of five ways:

By taxation. Taxes feel the operations of the law of diminishing returns. How could we raise tax income to eight billion dollars a year? Talk of large returns from tariffs deceives no one.

By issue of internal bonds, voluntary or forced. This would practically discredit the outstanding bonds, unless all were refunded over a long term of years at a high rate of interest. This would be passing the buck to our grandchildren with a vengeance.

By a capital tax levy. By exacting credit from our banking system. Our banking system is sound and adequate. But a ten-billion-dollar expansion in banking credit would deprive us of the benefits of the Federal Reserve Act.

By issue of paper money, resulting in demonetization of gold. This is the path of least resistance. If we carry out these special projects it will be done with paper money. In Europe only six countries remain upon the gold basis—Norway, Sweden, Denmark, Holland, Switzerland and Spain. If we demonetize gold, that will become universal. Our retention of the metallic basis of currency represents the rallying point of the world to metal. Meritorious as these projects are, considered in themselves, if they can be accomplished only with paper money, as seems assured, we must think twice, a hundred times, before we proceed. Over the paper-money presses of Europe are blazoned the words "Here Lies Ruin."—Saturday Evening Post.

side. During the first half of the game the scores were running close, but during the latter half Cameron began to pile them up over their opponents. The final score was 29 to 12 in favor of Cameron.

Preaches at Buckholts

Reverend Williamson of Baylor, Waco, filled the pulpit at the Baptist church Saturday night and Sunday morning. His sermon Sunday morning on "The Fruit-Bearing Christians" was especially well received. There was no service at the Baptist church Sunday night, they having given way to the Methodists who began their meeting on that night.

Rev. Key at Buckholts

A revival meeting is in progress at the Methodist church, to continue throughout the week. Reverend Ira F. Key, pastor of the Cameron Methodist church, will do the preaching, assisted by the regular pastor, Rev. M. J. Bigger. The attendance at the services has been small on account of the disagreeable weather.

Reverend M. J. Bigger met with the students at the regular Monday morning chapel and delivered a splendid talk on "Overcoming Obstacles." Mr. Bigger is a man who wisely makes friends among the children and they are always glad to have him visit them in the school.

Mr. D. R. Criswell had the misfortune to lose one of his fine Holstein cows this week.

Mr. and Mrs. J. O. Hughes and Mr. and Mrs. J. B. Rector were in Temple Thursday night. The men attended the installation ceremonies of the Knight Templar Masons.

Mrs. Alex Henderson returned the

latter part of the week from Lorenzo, where she has been for some time at the bedside of her mother, Mrs. Avera, and her sister, Miss Nell Avera. Friends will be glad to learn that both have improved in health.

Fanny Zalesky, daughter of Mr. and Mrs. Frank Zalesky, was able to return home Sunday from the Cameron Sanitarium, where she underwent a very successful operation for appendicitis.

Mrs. R. C. Hertel of Paige, who has been for several days to see her mother, Mrs. Elise Horstmann, and other relatives returned to her home Monday afternoon.

Mrs. R. A. Rader of San Antonio, is here to see relatives. Mrs. Rader will be remembered by her friends as Miss Lucille Reeder, who several years before her marriage made this place her home.

Miss Ottie Harris of Holland, was a guest during the week-end in the home of her uncle and aunt, Mr. and Mrs. Tom Harris.

Store is Burglarized

Some time during Sunday night burglars entered the building which is occupied by Holder's store and the tailor shop, and succeeded in making a get-away with a pair of trousers belonging to Mr. D. S. Rogers and a suit of clothes belonging to Mr. Hugh Powell. Nothing else was missing. A negro who left out of here on a late train Sunday night is suspected as the guilty party.

Severely Burned

Emma Lou Rogers, ten year old daughter of Mr. and Mrs. Tom Rogers, was burned quite painfully Sunday night, while she was filling the oil tank of an oil stove. Her burns are not considered serious but very painful.

Why will you feed badly damaged Maize Heads and risk killing your mules, when you can get first class corn at The Oil Mill? 40-3t

Miss Mabel Turner and Miss Fannie Strinberg of Rockdale, Mr. and Mrs. Watt Skinner of Rogers were guests in the home of Mr. and Mrs. S. A. Denson Sunday.

DISCIPLES OF SOCRATES

Last Thursday afternoon the Disciples of Socrates met in regular session and a good program was enjoyed. Joyce Cox gave a good digest of the condition in Mexico at the present time which comprised economical, religious and political points. This was followed by a reading by Robert Mayfield, then followed the election of officers. The following were elected:

President—Joyce Cox.
Vice-President—Hubert Mewhinney.
Treasurer—Ben Oliver.
Secretary—Lee Howell.
Sergeant-at-Arms—Willard Keith.
Then Miss Amelia Williams gave a short talk on selecting new members.

BASKET BALL GAME

Last Wednesday afternoon the Ben Arnold basket ball team came over for a game and also with the intent to beat Cam-Hi but all her hopes were shattered when Thompson, left goal for Cameron, made his plunges for the goals. Also when Taylor the center for Cameron, shot up into the air with his long legs, it spread terror in the ranks of the Ben Arnold players. Finally the game ended and Cameron came out the winner with the score of 22 to 12.

Cameron's line-up was as follows:
Hefley—(Capt.) R. Guard.
McWilliams—L. Guard.
Thompson—L. Goal.
McLendon—R. Goal.
Taylor—Center.
Subs: Mayfield, Oliver, Self, Ireland.

WHO'S WHO IN CAM-HI

Josephine Smith

Miss Josephine Smith is a pupil

whom Cam-Hi will miss next year. She is a Senior leader. In a recent magazine contest between the boys and the girls she piloted the girls and although her side lost it was no fault of hers and she took the defeat with her usual cheerfulness. She is a contestant for valedictorian. It will be noticed that her name is on the A list in this week's issue of the Cam-Hi News.

BASKET BALL GAME

Last Friday afternoon the basket ball teams of Cam-Hi went to Buckholts to play the basket ball team of Bryant Station and they brought home the bacon. The score was 29 to 12 in favor of Cam-Hi. It was not a very hard fought game because the Cameron players entirely outclassed the Bryant Station players. Those that went were:

Earl Thompson, Robert McLendon, Jack Taylor, Carlton Ireland, Eudale Oliver, Thomas Hefley (Capt.) Elmar Self.

All players showed their ability to play good, clean basket ball.

LARGEST GRADUATING CLASS IN RECENT YEARS

Cam-Hi will graduate the largest class in recent years. Following is the list of seniors who will participate in the commencement exercises following their graduation at the close of the 1920-'21 term of school:

POSTAL BANDITS GIVEN 25 YEAR FEDERAL SENTENCE

FOUND GUILTY OF CHARGE OF
ROBBING POSTOFFICE IN
DALLAS JAN. 14.

Dallas, Feb. 5.—Albert Rowan, Ben Luna and W. S. Scrivner were found guilty here this afternoon of robbing the postoffice on Jan. 14, and given sentences of twenty-five years each in the Federal penitentiary. The jury deliberated less than three hours.

Judge Wilson sentenced the convicted men immediately after the jury returned the verdict.

Rowan is the son of a wealthy Dallas business man and property holder. Luna is ex-bartender and Scrivner is a confessed robber who recently escaped from the Texas penitentiary where he was sentenced for fifty years on a charge of robbery.

Scrivner confessed to the robbery of the Dallas postoffice and it was mainly through his testimony that the other defendants were found guilty.

In instructing the jury, Judge Wilson asked that the jurors consider only two offenses in charge: first the robbery of the postoffice, and, second, the wounding of the custodians of the mails in the commission of the robbery and the placing of their lives in jeopardy.

Judge Wilson explained that the maximum penalty in event of conviction on the robbery charge was ten years and for wounding postal employees, or placing their lives in jeopardy, twenty-five years.

In explaining the term principals, as used in connection with the case, he stated that a principal was one who aids, abets or assists in the commission of a crime.

"If you find beyond a reasonable doubt that either of the principals did not aid, abet or assist in the commission of the crime, then you should acquit them," he said. "If they did, then you should convict."

Judge Wilson explained that Scrivner's testimony is admitted by Federal law, although he has been previously convicted and sentenced for a crime.

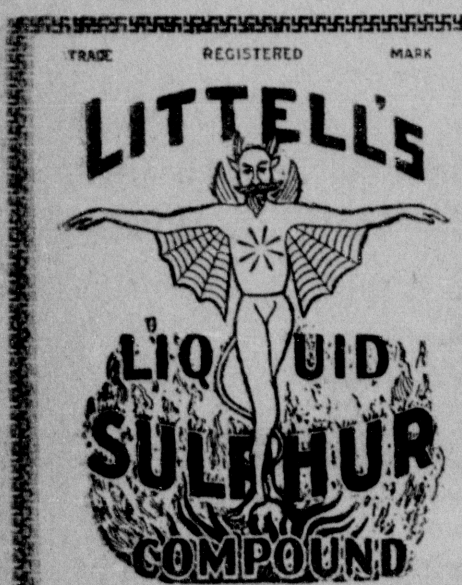

"It is important that you consider the corroborative testimony," Judge Wilson said. "By corroboration is not meant a similarity of every detail but the corroboration of one detail will substantiate the testimony as corroborative."

"You should not discuss the fact that Rowan did not take the stand in his own behalf. That is his privilege. He may testify or refuse, as he sees fit."

Wilson Calls Special Session to Convene March 4th

Washington, Feb. 3.—President Wilson, acting on the recently communicated request of President-Elect Harding, Thursday issued a proclamation calling a special session of the senate to convene March 4.

Request that the special session be called was made to the president several days ago by Senator Underwood of Alabama, minority leader of the senate, who received the request of the president-elect through Senator Lodge of Massachusetts, the majority leader. The session will act on cabinet and other appointments by Mr. Harding and probably will last only a short time.

The president in his proclamation said:

"Whereas, public interest requires that the senate of the United States be convened at 12 o'clock on the 4th day of March next, to receive such communications as may be made by the executive.

"Now, therefore, I, Woodrow Wilson, president of the United States of America, do hereby proclaim and declare that an extraordinary occasion requires the senate of the United States to convene at the capitol, in the District of Columbia, on the 4th day of March, next, at 12 o'clock noon, of which all persons who shall at that time be entitled to act as members of that body are hereby requested to take notice."

ATTEMPT TO ROB H. & T. C. TRAIN NEAR BRENHAM FAILS

Brenham, Texas, Feb. 3.—An attempt to rob the baggage car of the Houston and Texas Central passenger train No. 45, six miles west of Brenham early Thursday morning failed, when two men were frightened away after they had removed several trunks from a sealed car. The robbers made their escape after the headlight of another train passing nearby flashed on them in the act of removing trunks from the standing car. The men fled to nearby woods, leaving the trunks, which belonged to a vaudeville troupe en route to Austin.

Sheriff Parks of this city has gone to Chappell Hill, where two men have been arrested on descriptions he offered officers there.

Young Friend! If George Washing- ton Could Rise From His Grave on Birthday the 22nd This Month.

and see our cities at midnight lighted as bright as day, hear the whirl of the electric car, talk over the wireless telephone, send a message by wireless to a ship far out at sea, examine his own bones with an x-ray, view the sunny plains and canals of Mars through a telescope, take a flight from America to Europe in an airship, and return under the waters of the ocean in a submarine, get run over by an automobile going ninety miles an hour, see kings fleeing from their thrones—but what's the use going back a number of years? A system of Shorthand and Bookkeeping twenty-five years old is of but little use today.

As the steam ship has crowded out the sail boat, as the typewriter the

goose quill pen and pokeberry ink, so have the famous Byrne Systems of Bookkeeping, Business Training and Shorthand taken the place of the old systems, and the Tyler Commercial College with its modern progressive business methods has taken its place at the head of American business training schools. The reason is plain; these systems cut in half the time and cost of becoming an expert accountant or stenographer; they teach business as well as Bookkeeping; they make it possible for the student to graduate and begin earning while the student of the other systems is less than half through his course; they give the student a more thorough practical working knowledge which means a higher salary and the college has kept abreast of the times and met the demands of the most exacting business office.

These practical, modern, time-saving systems can be had in this section only in the Tyler Commercial College. You would not think of riding in a horse-drawn vehicle in preference to

an automobile. Then why think of studying the old oxcart systems of accounting and stenography when you can get the Byrne Systems which possess such wonderful advantages that they enabled the management of the Tyler Commercial College to build the largest business training school in America, with 30,000 annual enrollment of four thousand.

CONGRESS SLASHES ARMY OVER VETO OF PRES. WILSON

WORLD CONDITION DEMANDS
ARMY OF 280,000 MEN SAYS
EXECUTIVE TO HOUSE

Washington, Feb. 5.—President Wilson today vetoed the joint resolution directing the War Department to stop army recruiting until the force is reduced to 175,000 men.

Returning the measure to the House, the President said he was "unable to see in the condition of the world at large, or in the needs of the United States any change" that would justify a restriction upon the minimum enlisted strength of 280,000 men provided for in the recently enacted army reorganization bill.

Out of Proportion
Quoting the resolution as restricting the enlisted strength of the army to 175,000 men, the President says:

"No provision is made in the resolution for the preservation of any proportionate strength in the combatant corps of the army and a mere discontinuance of enlistment would, for a long time, preserve the staff corps disproportionately enlisted and the combatant corps insufficiently manned to maintain the instruction and training which ought to be assured if an army of 175,000 men to be efficient in proportion to its aggregate number.

"On June 4, 1920, I signed a bill passed by the present Congress providing of the reorganization of the army. Because of the profoundly disturbed conditions of the world and in order that full benefit might accrue to the people of the United States from the lessons of the World War as to what, under modern conditions, is required to be the nucleus of an efficient army, the War Department had recommended an army of approximately 500,000 men. The Congress, after prolonged consideration, determined to authorize, and did authorize, the reorganization of the army on the basis of an enlisted strength of approximately 280,000 men, including in the organization new arms like the air service and the chemical warfare service, the use of which were developments of the war and provision for which is a necessary addition of the army.

Regarded as Minimum

"The act authorized for the first time in our history a tactical organization of the army, resting upon divisions as tactical units and required the training of the National Guard and the organized reserved in territorial areas of the United States in association with the divisions of the regular army. At that time the Congress plainly regarded the provision then made as the minimum which would provided for the added arms and new duties imposed on the army and for that efficiency which the peace time army of the United States should have as the nucleus of mobilization in the event of national emergency.

"I regret that I am not able to see in the condition of the world at large or in the needs of the United States any such change as would justify the restriction upon that minimum which is proposed by the House joint resolution."

BIG EATERS GET KIDNEY TROUBLE

Take Salts at First Sign of Bladder Irritation of Backache

The American men and women must guard constantly against Kidney trouble, because we eat too much and all our food is rich. Our blood is filled with urine acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for

generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

Grove's Tasteless Chill Tonic

restores vitality and energy by purifying and enriching the blood. You can soon feel its Strengthening, Invigorating Effect. Price 60c.

NOTICE TO CONTRACTORS.

Quaker Minister Is Grateful to Tanlac

Rev. Parker Moon

Nearly everybody in Southwest Missouri either knows or has heard of the Rev. Parker Moon, who for a full half century has devoted his life and talents to Sunday school and organization work for the Society of Friends of Quakers.

"Uncle Parker," as he is more familiarly known, came from fine old rugged Quaker stock, and there is not a better known or more highly respected citizen in that part of the state. In referring to his remarkable restoration to health by Tanlac, he said:

"About five years ago I suffered a general breakdown. My principal trouble was nervous indigestion. My appetite was very poor and my food seldom agreed with me, and I had to live on a very restricted diet. I suffered a great deal from headaches and dizzy spells; I had severe pains across the small of my back and was badly constipated most of the time. In fact, I was so weak and rundown I was not able to attend to my duties.

"This condition made me very nervous and I could not sleep at night. Frequently I would lie awake most all night and was in that condition more or less for five years. My physician said he could not do anything for me and suggested a change of climate. I then moved to Texas

and went back and forth three times but did not get the relief I had hoped for. Finally, I got so bad off I was not able to get around with any degree of comfort. I was also told I had heart trouble.

"I had read about Tanlac and, as it had been very highly recommended to me, I decided to try it. I got a bottle and had taken only a few doses until I could notice a marked improvement in my condition. I noticed especially that I was not troubled any more with sour stomach after eating, which was a great relief.

"I kept on taking Tanlac until I fully regained my health. My appetite is splendid; I enjoy my meals and I do not find it necessary now to take any laxative medicines of any kind. I can sleep much better and not nearly so nervous.

"I take great pleasure in recommending Tanlac to anyone who needs a good system builder, or who suffers with stomach trouble. I have recommended aniac to a great many of my friends and am pleased to reach others by giving this statement for publication."

"Tanlac is sold in Cameron by New Cameron Drug Co., in Rockdale by Baldrige Bros., in Milano by E. C. Smith and in Burlington by the New adv

Announcement

Mr. Edsel B. Ford, President of the Ford Motor Company, gives out the following statement:

THE PRICE OF THE FORDSON TRACTOR HAS BEEN REDUCED FROM \$790.00 TO \$625.00, EFFECTIVE IMMEDIATELY

This price change has been made possible through lower costs of materials and the fact that we are now located in our new Tractor Plant with greatly increased economic manufacturing facilities in immediate connection with our foundry and machine shops and large blast furnaces where iron is poured directly from the ore, giving us the maximum efficiency with the power to reduce cost of production, and down comes the price in line with our policy to market our products at the lowest possible figure without in any way affecting our high standard of quality.

We are particularly pleased in being able to bring about this big reduction in price at this time because the farmer needs all the help we can give him and this big cut in price will be the means of placing a valuable power unit within the reach of practically every one of them, not to mention industrial and commercial concerns which likewise have benefitted through its use and are already realizing, to a much greater extent, its value as a power and hauling unit. But particularly has the FORDSON Tractor proved a most valuable factor in the saving of farm labor, at the same time increasing the per acre crop yield as well as making possible a utilization of previously uncultivated land, to say nothing of removing no end of drudgery.

There is no question that the use of machine power on the farm is the greatest advancement made in the development of agriculture, not only in money saving and money making results, as well as raising the standards of living on the farm to a much higher level, but because of its proved value in making every type of land more productive, and consequently our desire to place the FORDSON within the reach of all.

THERE IS NO CHANGE IN THE PRESENT PRICE OF FORD CAR AND TRUCK, which are already at the lowest possible figure and now, with rock bottom reached on the tractor price, a further reduction in price of either the Car, Truck or Tractor is out of the question; in fact, the big price cuts have been made in anticipation of continuous maximum production and increases may be necessary before long if a large volume of new business is not obtained. Therefore, present prices of Ford products cannot be guaranteed against possible increases.

Ask for the book "The Fordson at Work," which will be supplied free of cost. Let us demonstrate the value of the Fordson on your farm, in your factory, lumber yard, coal yard, or in any general hauling or power work you have to do and let us have your order for a Fordson.

TRIAL OF ROBBERS IN DALLAS FEB. 21

CASE OF ROWAN AND SRIVNER AND THREE OTHERS FOR MURDER DOCKETED.

Dallas, Tex., Feb. 7.—The case of Albert L. Rowan, W. S. Scrivner and three others indicted for the murder of George W. Street, a postal employe killed Jan. 14 when the Jackson street postal substation was robbed, today was set for Feb. 21 in state criminal court. Maury Hughes, Dallas county district attorney, announced the date this afternoon.

Rowan and Ben Luna were sentenced to twenty-five years in the Leavenworth federal penitentiary Saturday for the alleged planning of the robbery. Scrivner's sentence was withheld pending the murder trial.

Warrants charging perjury against Arch A. Harper, a waiter and defense witness in the trial of the post office robbery were issued here today by R. E. Taylor, United States attorney. Harper testified last week that Rowan was in a restaurant where he is employed between 4 and 5 o'clock on the afternoon of the robbery. He also testified that he had discussed Rowan's alleged part in the affair on Jan. 15.

Answering a question as to how he had heard Rowan's name mentioned, he said he had read it in newspapers. Rowan's name was not published until three days after the robbery.

BRANCHVILLE NOTES

Literary Club Meets.

The Literary and Civic Club enjoyed the meeting of Friday evening, February 4th. Several who were to help entertain with some selections were absent, but others present were kind enough to fill the vacancies, so that the program was altered very little.

Mr. Joe Roark of Rockdale, in absence of the original, supplied the second speaker on the negative side of the debate. He made a very interesting talk in favor of Immigration. All were much pleased with his speech and extend to him an open invitation to visit our Society often. All the speakers of the debate did well and a pleasant as well as a profitable evening was offered to all who attended. A number of Maysfield friends were welcome guests at the Literary Society Friday evening.

Ladies' Aid Meets

The Ladies' Aid held its weekly meeting at the church. A number of questions had been prepared and answered on the Book of Isaiah, each member participating in this interesting study. Mrs. Wiley Smith related the story of the life of Rebecca and read the poem, "Rebecca's Farewell to Jacob." Mrs. Frank Harlan on Thursday afternoon of last week. The meeting will be held in the home of Mrs. William Looney.

Reading Club Organized

A reading club was organized and held its first meeting with Mrs. Voss Harlan on Thursday afternoon of last week. Mrs. Voss Harlan was made president. Only a few members have as yet been procured, but others will join this week. The reading and discussing of books which pertaining to either History or Literary is the idea of the club.

OAKDALE HAPPENINGS

Edited by Mrs. Sid Hause

Oakdale, Feb. 7.—At last we are beginning to have winter. This morning after we got up there blew up quite a blizzard, and some of the farmers about went to killing hogs, so we would have some more fresh meat.

Saturday there were several of our community went to Cameron; among them were Messrs. Lee and Thomas Batey. Thomas spent Saturday night with his father and mother here.

Improving Phone System

Our phone people worked over their line last Thursday and got it in good shape. Some of the men drew out and put up another line so there would not be so many on one line, hoping that we would get better service.

Mr. Bethard and wife were Cameron traders one day last week and visited their daughter while there who is boarding at Mr. John Kennon's. She goes to school in Cameron.

Miss Dusek, teacher at Hoyte spent the week end in Cameron with her parents.

Mrs. Cook and daughter, Miss Ethel spent Sunday with the Wimberley family in the Prospect neighborhood.

Mr. and Mrs. J. H. Thompson of the Prospect community and children spent Sunday with the Spraberry family.

Mr. and Mrs. John Thompson who are with their son, Homan, for a while, spent several days in Cameron last week. They have a brother and sister living there.

Child Operated On.

Last Saturday Mr. and Mrs. Sid Hause were in Cameron and went up to see his sister, Mrs. T. L. Randolph. When they got there they found Mrs. Charley Mitchell of Rosebud, who had come to bring her little son, Edward, to the Sanitarium for an operation. They had the work done Friday afternoon and he was doing fine Saturday. They also found Mr. Paul Potter from Branchville and a nephew, Mr. W. L. Buchanan, and wife,

and little son, Bill, all of Waco. Later Mr. and Mrs. Eugene Hause came so we all had quite a good time being together for the first time in eight or ten years.

Sunday morning Mr. and Mrs. David Link with their family came out to see their father, Sid Hause.

Mr. Elbert Arledge and Mr. Hotel, both of Fort Worth, came through Cameron Sunday evening, and with Mr. Koy Arledge of Cameron came out to Mr. John Arledge and spent the night.

Baby Buried in Milano

Sunday morning Mr. and Mrs. Clyde Hensley had a phone message to

come to Milano, that Mr. Leonard Shelton of San Antonio had lost his little baby, and had brought it to Milano for interment.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

Take "Dodson's Liver Tone" Instead!

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel, just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for

calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate. Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

GAINESVILLE CITIZENS PATROL CITY STREETS

Gainesville, Texas, Feb. 7.—Gainesville's volunteer citizen patrol is now working like a piece of well-oiled machinery. The whole town is covered every night, even to the outlying districts, and after 11 o'clock every person, regardless of sex, is challenged and compelled to give a reason for their presence on the streets. Suspicious characters are investigated and given their choice of leaving town immediately or being jailed.

The patrol is composed of patriotic men who work without pay. The movement was inaugurated after several crimes had been committed, and since the patrol began its nightly vigil there has not been an offense reported that would justify an arrest.

Some of the patrolmen are in automobiles and others on foot.

To show the thoroughness with which the men work, two boys going home from a dance were halted twice on the same street before they could reach their destination. If a person is on a lawful errand after the zero hour, he can pass the guards without trouble, but when he fails to answer when challenged he places himself in jeopardy.

In order to make the plan effective in the highest degree, the City Council issued blanket commissions to more than 100 business, professional and laboring men of good reputation, thus empowering them to carry arms and to make arrests if occasion arises. The patrol for the night is selected by the chief of police. Different men serve every night.

NEWS FROM SHARP COMMUNITY

Edited by Mrs. W. H. Lyon

Attend Laird Funeral

Those who attended the funeral of Mrs. Idella Laird at Murray Cemetery last Saturday were, Mesdames Will Davis, A. F. Raby, Frank Reichert, W. H. Lyon, Mr. and Mrs. Nick McBurnett.

Mr. and Mrs. F. N. Craven returned home Saturday after attending the bedside and funeral of their grandmother, Mrs. Laird.

The masquerade ball at Dinker's Hall last Saturday night was well attended and those who went report a most enjoyable evening.

Duncan Defeats Sharp.

They came, they saw, they conquered. The Duncan girls over Sharp High. At the appointed hour vehicles began to arrive, and soon the Sharp campus was literally full of folks. The game was interesting from the very start, as each side had the determination of winning, and not a few came out with scratches, but friendly ones. The girls on either side did their part, but it seemed luck was against Sharp, for Duncan made four to Sharp none. We took our defeat in good humor, and every one went away laughing.

Mrs. Davis of Ida Lou, was a visitor in the Lyle home the past few days. She has been in Waco with other relatives, and went from here to Davilla.

Mr. and Mrs. Dave Patilla motored to Temple on Sunday to meet their brother, Henry, who was to be in that city for the day. Henry is attending Business College in Waco, and his friends will be glad to know that he is making splendid grades, having made 100 per cent on his entrance examination in arithmetic.

Mr. and Mrs. Ed Fowler, Mrs. Lyle and Miss Lavinia motored to Davilla Sunday, accompanied by their aunt, Mrs. Davis.

Miss Mattie Brinkley has gone to Rosebud, where she has accepted a position in the school in that city. Her friends wish her success.

Messrs. Carl Gonton and Ben Reichert made a hurried business trip to Cameron Friday afternoon.

Mr. and Mrs. Luther McDonald and interesting children were Cameron shoppers Saturday.

Bonner Raby spent a few hours in Cameron Friday, Clifford returning with him for the week end.

This writer is glad to report Miss Ruth Duncan much improved from a week's illness.

Messrs. Frank Reichert, A. J. Garner and Mr. Easterwood were among those who attended business in Cameron Saturday.

W. E. Massey is in Lampasas county this week on business.

Mesdames Albert Reichert and sons Luther and Rufus, accompanied by Mrs. Wilburn Miles, were Cameron shoppers Saturday.

Mrs. Voyles has recovered from another of her attacks, and her friends hope that she will soon be able to be up.

Mr. and Mrs. Rhinald Leffere, of near San Gabriel, were Sharp visitors Sunday last, guests of Dr. and Mrs. Lyon.

HOUSEWORK IS BURDEN

Woman's lot is a weary one at best. But with backache and other distressing kidney ills life indeed becomes a burden. Doan's Kidney Pills have made life brighter for many Cameron women. Read what Mrs. Martha Moore, E. 2nd Street, Cameron, says: "For a great many years Doan's Kidney Pills have been my standard medicine for kidney complaint. I have taken Doan's when my back and sides have been so lame and sore that I couldn't do my housework. When my kidneys were irregular, I would get dizzy spells when stooping that just blinded me. That condition made me nervous. I felt out of sorts. When I had attacks of that kind, I took Doan's Kidney Pills and about one box of them strengthened my kidneys and restored me to good health. I very gladly recommend Doan's Kidney Pills to anyone."

7 HURT, 1 FATALLY IN GILMER STORM

CYCLONE LATE SUNDAY HITS TEXAS TOWN AND TAKES BIG TOLL

Gilmer, Texas, Feb. 7.—Seven persons were badly injured, one of whom is expected to die, and much property was damaged by a cyclone which struck this city late Sunday afternoon. The home of T. E. Bowden was blown for some distance and all members of his family were injured as the house tumbled along. The baby of Bowden's daughter-in-law is expected to die.

The injured are: T. E. Bowden, badly lacerated and bruised.

Mrs. T. E. Bowden, cut and bruised.

Mrs. Beckey Bowden, daughter-in-law of T. E. Bowden, badly cut and bruised.

Roy Bowden, back twisted, Langdon Bowden, legs and arms cut and bruised.

Leah Bowden, badly cut and bruised about the face and body.

Several stores were blown from their foundations and several houses were unroofed. The path of the storm was less than a quarter of a mile wide. When it struck the timber a swath was cut through the trees and underbrush. No reports have been received here from other places supposed to be in the path of the hurricane.

Reduce The High Cost of Experience!

—Victorious soldiers—great statesmen—successful business men—early learned to profit by the mistakes of others. Experience is a capable teachers—but her charges are sometimes ruinous. In important things it pays to take advantage of the knowledge gained by study and observation and thus avoid the penalties that self-made error inevitably entails.

—The wise youth, therefore, does not wait to learn from his own mistakes the incomparable value to himself of thrifty living.

—He sees around him examples that show the curse of profligacy, that emphasize the blessings of economy—and heeds their moral lesson by spending less than he earns and saving his surplus against the day of adversity.

3 MORE MEXICAN

STATES IN REVOLT

San Antonio, Feb. 5.—Three more Mexican States are in revolt against the Obregon government, according to United States agents today.

The latest States in revolt are Chihuahua, Oaxaca and Chiapas. The new rebellions are the result of efforts by the Obregon government to reduce armed forces.

The States in revolt today bring the total area in rebellion up to two-thirds of the entire Republic.

Gen. Gabino Sandoval, former Carranza leader, and associate of Pancho Villa in Chihuahua, is the leader of the uprising in that State. Sandoval has a well-armed force of 2,000 men and is gaining strength.

FORD BETTERS

RAILROAD EARNINGS

During its first month under Ford control, September, the Detroit, Toledo Ironton Railroad increased its gross earnings more than 20% over any previous month. October, 1919, the next best month, showed gross earnings of \$430,830, whereas September, 1920, brought forth \$564,492, an increase of over \$133,000. The fact that the road was taken over by Henry Ford on September 1st makes this particularly noteworthy.

Mr. Ford plans first to put the D. T. & I in order to assure Detroit of a coal supply all the years around. But he has a much broader view of the future activities of the road than merely shipping fuel and materials to his own factories. He expects to use it for the development of the country which the road traverses.

In order to complete his plans by which solid coal trains may be run continuously, he made a personal inspection of all grades and bridges over the 454 miles of main track. In his automobile, he traversed a considerable length of the line, visiting the towns along its route. He made a special point of visiting the round-houses and shops, and conversing with the mechanics. He went out with repair gangs and examined every unit of the road's motive power. He made decisions about rails, new shops, and leading points ever before the deal was concluded.

Completely convinced that the D. T. & I is able to supply Detroit and Michigan with fuel, Henry Ford made all his plans with this mind.

LEADING DRUGGISTS ALL SELL THIS FINE FAMILY REMEDY

Doctor's Wife Considers It a Positive Necessity

Nash Bros. Drug Co., makers of Nash's Croup and Pneumonia Salve which our local druggists have been selling for sometime, advise us that they have received a letter from Mrs. M. E. Staudenmayer, Boynton, Ark., saying that she finds Nash's Salve a positive necessity in her home.

Mrs. Staudenmayer's husband is a physician of high standing in the community. His knowledge of medicine probably has something to do with his wife's enthusiasm, as he knows Nash's Salve is not a patent medicine or secret nostrum. Mrs. Staudenmayer writes that their little girl is subject to croup and that in five minutes after using Nash's Salve she breathes naturally and falls asleep.

Nash's Croup and Pneumonia works wonders in the treatment of head colds, chest colds, sore throat and asthma quickly. Feels good on cuts and burns and helps them heal. As a general all-around family remedy is safe and reliable and does not interfere with doctor's treatment.

Druggists sell good sized bottles of Nash's Croup and Pneumonia Salve for 30 cents and a bottle 2 1/2 times as large for 60 cents. Get one today—keep it handy. Sold by Palace Drug Store.

BUGS SPREAD DISEASE

Ants, roaches, flies, fleas and other insects spread all manner of diseases. Get rid of them quickly and safely by using Fidelity Insect Powder, which is non-poisonous to children, animals and fowls. Sold and recommended by all druggists and in Cameron by Pace-Marshall Drug Co.

A TONIC

Groves' Tasteless Chilli Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value. Groves' Tasteless Chilli Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 60c.

LAWYERS

Cameron, Texas

One of the hardest things for a motorist to understand is that a tire frequently suffers serious injury when bumped against a curbstone. Because the tire shows no external damage, the owner is likely to feel that the tire is defective if some time later it blows out as a result of the bump.

All the ingenuity of the skilled tire engineer will never be able to make a tire that comfortable to ride on and at the same time able to stand up under mistreatment of this sort, says the United States Tire Company. If a driver wants to bang his tires around, he will find it more economical to equip with old-fashioned iron tires than with rubber. A rubber tire will stand a great deal; it will deliver thousands of miles of service over rough roads. But it frequently undergoes internal rupture when given unduly harsh treatment, such as being bumped against a curb. The breakdown is not due to faulty construction but to shabby treatment.

Trucks equipped with pneumatics should be especially careful to avoid this sort of damage to their tires. A truck backing up to a curb to discharge a load will often crash into a curbstone. The weight of the truck combined with the tonnage of its cargo, causes an especially damaging blow to the tire. Curbstone ruptures of this sort in big pneumatics usually cause the tire to blow just above the head.

A modern discovery for the rapid healing of flesh wounds, cuts, burns, bruises, sores and scalds is Liquid Brozone. It is a clear, colorless liquid possessing marvelous healing power. Price, 30c, 60c and \$1.20. Sold by Pace-Marshall Drug Co, adv

Pains Were Terrific

Read how Mrs. Albert Gregory, of R. F. D. No. 1, Blufford, Ill., got rid of her ills. "During . . . I was awfully weak . . . My pains were terrific. I thought I would die. The bearing-down pains were actually so severe I could not stand the pressure of my hands on the lower part of my stomach . . . I simply felt as if life was for but a short time. My husband was worried. One evening, while reading the Birthday Almanac, he came across a case similar to mine, and went straight for some Cardui for me to try.

CARDUI

The Woman's Tonic

"I took it faithfully and the results were immediate," adds Mrs. Gregory. "I continued to get better. All my ills left me, and I went through . . . with no further trouble. My baby was fat and strong, and myself—thank God—am once more hale and hearty, can walk miles, do my work, though 44 years old, feel like a new person. All I owe to Cardui." For many years Cardui has been found helpful in building up the system when run down by disorders peculiar to women.

Houston Lawyer Kidnapped by Band of Mysterious Men, Taken Into the Woods and Tarred and Feathered

Houston, Texas, Feb. 6.—Efforts of police to learn the identity of men who took B. I. Hobbs, lawyer, from his bed late Saturday night, drove him in an automobile into the woods, they tarred and feathered him and closely clipped his hair had proved unavailing at a late hour Sunday.

When asked what steps had been taken to ascertain the identity of the men, Police Chief Baker said Sunday afternoon that the department was working on the case. He appeared to be of the belief that it would be a difficult matter to apprehend the men.

Hobbs came to the police station early Sunday morning and was there when Chief Baker arrived. During most of the morning he was in close conference with Detective Chief Gordon Murphy.

Five masked men forced Hobbs into an automobile about 9 p. m. Saturday, drove him to a point in the woods, presumably near the city, and applied tar and a coat of feathers. Bringing him back to the business district, they forced him from the automobile opposite the postoffice. Clad in his coat of feathers, he sought shelter in the doorway of the building until he attracted the attention of a passerby, who notified the police of his plight.

He was then taken home.

Hobbs said that he could not identify any of the men who abducted him. Although one of them accompanied him from his door to the outer door of the hotel and passed with him through the lighted lobby, he says he would not remember his face. Neither could he recall the features of the men who met him at the door and accompanied him to the automobile. It was not until he had nearly reached the automobile that he was blind-folded.

Hobbs has been given until Tuesday to leave the city. One of his captors, Hobbs says, told him that unless he left the city in three days he would be killed. But Hobbs says he prefers to remain here—that he has been here too long to leave now. The only evidence to connect the Ku Klux Klan with the tar party was the card left in the bag containing Hobbs's clothing. It was similar to cards recently mysteriously posted on telegraph poles about the city stating that certain unnamed white persons were known to be associating with negroes of the opposite sex and that dire punishment would be meted out to them by the Ku Klux Klan if they continued this association.

J. H. ALEXANDER DIES NEAR CAMERON

News reached our community Monday that J. H. Alexander had passed away at his home near Cameron. Mr. Alexander had been a long time resident of Milam county. He enlisted in the Civil war when he was 21 years old, and served four years. After the war he went to Kentucky and married Miss Martha Renfrow. She died about 18 years ago. He was 86 years of age and been a member of the Baptist church for 51 years, and was the father of ten children, all of whom lived to be grown. Rev. Geo. Whatley of Friendship conducted the funeral services at 4 o'clock Monday, Jan. 31, 1921, and he was laid to rest beside his wife. Our sympathy goes out to the bereaved children in their great grief.—Thorndale Champion.

TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring Back Its Natural Color, Gloss and Attractiveness

Common garden sage brewed into a heavy tea, with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store, all ready for use. This is the old time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and after another application or two your hair becomes beautifully dark, glossy, soft and luxuriant.

KEEP YOUNG

People with bad backs and weak kidneys are apt to feel old at sixty. Many old folks say Doan's Kidney Pills help them keep young. Here's a Cameron case:

Mrs. S. A. Gjedde, Cameron, gave the following statement June 26, 1916: "I am glad to endorse Doan's Kidney Pills for they have done me constantly and I wasn't able to do my work. I was down in bed part of the time and suffered constantly. My head ached and I could hardly see from dizziness. Rheumatic pains darted through my back and sides. My kidneys acted too often and most of the time not freely enough. I was caused much pain and there were other signs of kidney weakness. I

OLD BUILDING OF FIRST NATIONAL BEING REMODELED TO ACCOMMODATE THREE OFFICES

Workmen this week are completing the remodeling of the old building recently vacated by the First National Bank for their new home. The building has been cut into three sections and will be occupied by J. G. Vest, cotton; A. W. Luckett, electrical supplies, and The Palace Drug Store.

A new front has been built with large plate glass windows. Mr. Vest will occupy the north section with the Palace Drug Store on the south and A. W. Luckett the middle section. It is expected that the building will be occupied within a few days.

HISTORY CLUB

The History Club met last Tuesday afternoon with Mrs. S. A. Cottle.

There was a good attendance and an interesting lesson conducted by Mrs. Graham Gillis.

Roll was called, minutes read and adopted after which the following program was given:

Discussion of Neff and the Legislature by Mrs. Jeff T. Kemp.

Discussion of State University and the Advisability of Moving It, by Miss Amelia Williams.

Alien Question by Mrs. Jeff T. Kemp.

There were other pieces on the program but the lateness of the hour made them postpone them until next time.

Mrs. Cottle, assisted by Mesdames J. L. Clinton, and W. A. Bonds served a delicious pink and white cream and pink cake course.

In keeping with Valentine red hearts were used in profusion in decorations and plate favors were red hearts with verses in gold ink.

Guests other than club members were: Mesdames J. L. Clinton W. A. Bonds and Miss Alice McGehee.

BIRTHDAY SURPRISE

Tuesday night of this week Mrs.

Giles Avriett surprised her husband, whose birthday it was, by inviting his brothers and sisters and their husbands and wives in to spend the evening. The entire reception suite was like a veritable spring garden in white narcissus.

Not until several couples arrived did Mr. Avriett discover that he was honor guest at a party.

Then Mrs. Avriett brought out the tables, covered with Valentines, tally pads of Valentines and three tables were soon busily engaged in a game of "42."

As a game was won a small heart shaped sachet was presented and at the close large sachets of heart design were used as table favors and were cut for.

A delicious two-course luncheon was served consisting of chicken salad, lettuce sandwiches, olives, wafers, coffee and ice cream with the large angel food birthday cake iced white and covered with red caraway seed, and twenty-one candles.

There was a symbol in it, for almost every one with a significance that created a great deal of fun.

The entire party wished for Mr. Avriett that the number of his present birthday might be multiplied by three and each one be happier than the one before.

CARD OF THANKS

We wish to extend our heartfelt thanks to those who so kindly assisted us during the recent illness and death of our beloved mother, Mrs. Della Laird. We thank those who gave flowers and in any way showing their sympathy to us during our sad hour. We shall kindly and sincerely remember all those who came to us during this time.

BAPTIST TEACHERS MEET FOR CONFERENCE TUESDAY

Teachers and officers of the Baptist Sunday School met in regular monthly session Tuesday night. J. C. Martin, superintendent of the Sunday School, presided at the meeting. A program touching on the problems of the school was carried out. The subject was "An Appreciation of the Literature."

The meeting was called to order by Superintendent Martin and the invocation delivered by Rev. S. B. Culpepper, pastor of the church.

The discussion was begun by Prof. Parsons of the High School, who presented the Teachers Magazine, a publication by the Sunday School Board. "The Teacher," a publication, was discussed by Miss Winnie Henderson. Miss Maude Walston discussed the literature of the Baptist Young Peoples Union. Discussion of the literature of the Junior Department was led by J. B. White.

Rev. Culpepper then led a general discussion of the Sunday school needs announcing that he will preach on that phase of the church activities Sunday morning. Equipment for the school was discussed and it was decided to make recommendations to the church.

It is being planned to hold weekly meetings of the teachers and officers of the Sunday School. This matter will be discussed following the Sunday School hour Sunday morning when all teachers and officers will be asked to attend a brief meeting in the department rooms.

BAPTIST CHURCH SUNDAY

We are exceedingly anxious for you to be at the Baptist Sunday school next Sunday morning, if you are a Baptist or if you are not a Baptist and you are not attending any other Sunday School we want you to come and bring your friends and we will do our best for you. We are very anxious for our Sunday School to go beyond the three hundred mark and also we need you to help us put it there and help keep it there. You will find classes to suit you in our school. Our attendance was fine last Sunday but we want it to be better next Sunday. We had two hundred eighty last Sunday, we want three hundred next Sunday, come and help us over the top.

The church services will be held

eleven o'clock Sunday morning and at seven-thirty Sunday evening. We most cordially invite you to attend these services. The pastor will preach at both hours. We will have good music and we have a warm handclasp for every one who comes. Come and we will do our best not to do you any harm.

The subject for Sunday morning will be the Present Crisis with the Sunday School. If you are interested in Sunday School Work you are most cordially invited to hear this message. The evening subject will be Cross Bearing. Come and be with us at both hours Sunday. We are striving to make our church the welcome place in town. Help us do this. Come next Sunday to the welcome place in Cameron.

FORTY-TWO CLUB

Last Thursday afternoon Miss Clara Thomas entertained the "42" Club and a few other friends.

The Valentine season suggested the setting for the party.

The home was beautifully decorated in ferns, red Japonica, and red hearts on the draperies and strings of red hearts between the doors.

Red shaded lights and a glowing open fire made the scene complete.

Score cards were heart shaped valentines, and 84 favors were red hearts, cupid with his bow and arrow etc., etc.

Seven tables were prepared with red tully pads and soon the game was in full swing.

Mrs. Kennedy led off in making the first 84 and kept in the lead all the afternoon and carried off six in all.

After the games, assisted by her aunt, Mrs. Geo. A. Thomas, and cousin, Mrs. Albert Triggs, Miss Clara served a most delicious two course luncheon, served in beautiful hand work luncheon cloths.

Refreshments consisted of chicken salad, peach salad, heart shaped piemento sandwiches, crackers, hot tea, and marshmallow dainty and angel food cake.

Guests other than club members were: Mesdames Kennedy, Wm. M. Cobb, Walter Thomas, George Thomas, J. L. Clinton, Simmie Burns, Jr., Charles McDermott, Howard Baskin, R. D. Brown, Misses Lake of Marshall, Winnie Henderson, Beth Jeter, Ruth Henderson, Ruth McKinney, Estelle Coleman.

POP CORN RILEY SOCIETY

At the High School Friday afternoon the 6th and 7th grade girls held a very interesting meeting with Jean McEadyen as leader.

The subject was: "Indian Music." The following splendid program was given and all the mothers ought to be proud of these girls.

Address: "Origin of Indian Music"—Miss Mary Lake Henderson.

Violin: "Indian Summer"—Olive Henderson.

Vocal Solo: "From the Land of the Sky Blue Waters"—Louise Adams.

Talk: "Indian Dance—as seen by, Mrs. Henry McEadyen.

A business session followed after which they adjourned to meet in two weeks when Ruth Kemp will have charge of the program.

ANDREW FREEMAN WAS EIGHT YEARS OLD LAST SAURDAY

As was noted by forty-seven little boys and girls gathering at the Freeman home between the hours of three to five.

On entering they were confronted with a postoffice with its "Master" behind the bars.

Each child in turn asked for mail and none were turned away empty handed, but each found a real envelope addressed to them containing a lovely valentine.

When all had arrived and seated around the big living-room "Jack Horner" entered with his noted "pie." The pie was in a big box with forty-seven streamers.

As each child "stuck in his thumb and pulled out a plum" he or she found "an all day sucker" and heart shaped chewing gum. Next came games indoors and out, games suited to the happy, rollicking crowd.

Mrs. Freeman was assisted by her mother, Mrs. A. J. Freeman, and sister, Mrs. Clarence Freeman of Maysfield, Mrs. Henry Hefley, and Mary Virginia, and Louise Adams.

What was served was well told by a bright little girl when she got home from the party and was asked: "How

About the party?"

"Oh, it was lovely, had two ice cream cones and then the big birthday cake."

In the cut the thimble fell to Mildred Clinton, Joe Floyd Key, the dime, and Cora Barmore the old maid button.

And presents. How can forty-seven be mentioned? But there was everything to make a little eight years old heart leap with joy.

Everything from collar and tie pins to four kites and all Andrew's own.

"Right you are, mothers, make the little folks happy."

SYMPHONY CLUB

Last Saturday afternoon the club met with Mrs. R. P. Jeter, and there was a splendid attendance.

A delightful program was enjoyed with Mrs. Jeter as leader.

Subject—Negro Music.

Song—Jean Burleigh

Mrs. Key

Paper—Life of Stephen C. Foster.

Miss Aetna Smith

Song—Mammy's Sleepy-Time Song.

Mrs. Clinton.

Talk—The Negro in Music.

Mrs. Beckerman

Song—Mammy's Song

Ware

Miss Curtis

Piano—Danse Negre

Scott

Mrs. Jeter.

Chorus—Negro Melodies.

After the program a short business session was held and it was decided to change the day of meeting to the second and fourth Wednesdays of each month, the next meeting to be the fourth Wednesday with Mrs. Simmie Burns.

Four new members were elected as follows: Mesdames Bessie Lowe, Charlie McDermott, Misses Dickard and Myra Lankford.

A social half hour was spent while enjoying delicious home made candy.

Miss Willie Hefley was a guest at the meeting.

JACK HEARRELL HOST

Fourteen couples from Jack's class were delightfully entertained on last Friday night at his home on Hefley Heights.

The home was beautifully decorated in Valentine colors, red lights, red hearts strung between doors, on the draperies and the flowers used were white narcissus.

One room was prepared for those who wished to dance, another for 42 and other games, all of which they thoroughly enjoyed.

Special music was given by the boys own Jazz Band, consisting of two violins, flute, cornet and drum.

Next came a unique contest. A sheet was stretched with openings for two eyes and the boys and girls guessed whose eyes they were. Martha Lou Hooks and Wiltz McCown won out in this and were given each a box of candy.

Mrs. Hearrell was assisted in entertaining by her sisters, Mrs. Giles Avriett, Miss Jeff Lewis and daughter, Miss Louise.

At the close of the evening's pleasure delicious pineapple cream and cake were served.

PRESBYTERIAN AUXILIARY

About twenty ladies gathered at the church Monday afternoon.

Mrs. Mary Henderson conducted a very interesting Bible study lesson on the Book of Psalms.

Mrs. Ben McLerran was with the ladies and delighted everyone with a splendid talk on her church, their work and other interesting things about Scotland.

It will be remembered that Mrs. McLerran is the brave little woman

from Scotland who crossed the great waters and joined her sweetheart at Galveston and married there about one year ago.

A business session was held and plans talked over for next year, but nothing definite was decided upon.

Reports from committees were read and altogether it was a well spent enjoyable meeting.

M. E. MISSIONARY SOCIETY

The ladies met with Mrs. A. N. Weems last Monday with twenty-three present. Mrs. L. J. Hefley was leader and an interesting lesson from the Bulletin was given with all taking part.

At a business session their president, Mrs. Joe Lindsey was elected delegate to their annual conference at Beaumont on March 8th, 9th and 10th with Mrs. R. L. Batte, Sr., as alternate.

Several beautiful bouquets were brought and taken to the sick.

BAPTIST AUXILIARY

It being first Monday all the Circles met in business session at the church. There was a splendid attendance and a number of business items came before the Society, the chief of which was electing Mrs. John Denson as president to take the place of Mrs. Voss Harlan, who has moved away.

FORD EAGLE USED AS TRAINING SHIP

Eagle No. 54, one of the submarine chasers built by the Ford Motor Company during the war, now belongs to the Second Battalion of the Naval Militia of New York, and is used as a training ship. It is taking the place of the Gloucester which was used by the Second Battalion during the war.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

PIANOS

I have arranged with some of the largest manufacturers in the United States to ship Pianos direct from the factories to the door of the purchaser at a saving of \$100.00 or more. Write me a post card for all information.

LAUNCH VAST EFFORT FOR EUROPE'S YOUNG

Eight American Relief Agencies
Combine to Save 3,500,000
Children Death Menaces.

Eight great relief organizations, working among and for every race and creed, have united under the name of the European Relief Council to coordinate child relief in Europe this winter. The Council will seek to provide funds for 3,500,000 starving and diseased children in Eastern and Central Europe and to administer this relief economically.

It consists of Herbert Hoover, chairman, and Franklin K. Lane, treasurer; Edgar Rickard, representing the American Relief Administration; Dr. Livingston Farrand, representing the American Red Cross; Felix Warburg, representing the Jewish Joint Distribution Committee; Wilbur K. Thomas, representing the American Friends' Service Committee (Quakers); James A. Flaherty, representing the Knights of Columbus; Dr. C. V. Hibbard, representing the Young Men's Christian Association; Miss Sarah S. Lyon, representing the Young Women's Christian Association; Dr. Arthur Brown, representing the Federal Council of Churches of Christ in America.

It is the purpose of the Council to raise \$33,000,000, in an appeal centering at the Christmas holidays, to the end that the desperate situation regarding child life may be met. In every town and community of the nation, it is planned, local committees, representing all the co-operating agencies will be formed to secure the vitally necessary funds. Of the amount sought, \$23,000,000 will be used for basic food and \$10,000,000 for medical service.

For every one of these American dollars the local governments and communities aided will furnish two dollars, in the form of transportation, labor, guards, clerical help, cash contributions and such food supplies as are locally obtainable. No children receive the free food except after medical tests showing them to be seriously undernourished. The remaining \$10,000,000 of the fund is just as urgently needed for medical service to the children.

The European Relief Council will do much more than effect economies in the raising of the child saving fund. It will, with the inspecting forces of eight great agencies, keep a constant eye on the administration of America's merciful gift, in order that there shall be no wastage and no tendency toward pauperization.

"This is the largest co-operative benevolent organization ever attempted in the United States," Mr. Hoover says. "The organizations represented have come to the unanimous, though independently formed conclusion, that nothing but prompt and united action by the whole American people can avert incredible tragedy for the helpless children involved. The organizations forming the Council will organize their representatives in every town and community of the nation for the raising of the necessary funds."

Pleads for Europe's
Helpless Children

"They are no more my children than yours," is Herbert Hoover's homely yet eloquent plea for 3,500,000 European children who face incredible tragedy this winter unless America comes to their rescue. The funds by which American aid has been feeding millions have run out, and that the work may not stop and thus precipitate what would amount to "a massacre of the innocents" seven other great American relief organizations have united with Mr. Hoover's organization under the name of the European Relief Council in a joint appeal for funds. The collaborating agencies are the American Red Cross, the American Friends' Service Committee (Quakers), the Jewish Joint Distribution Committee, the Federal Churches of Christ in America, the Knights of Columbus, the Y. M. C. A. and the Y. W. C. A.

A TONIC

Grove's Tasteless Chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel as strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

Grove's Tasteless Chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, invigorating Effect. 75c.

"The Furnace"

—AT THE—
AUDITORIUM

FRIDAY AND SATURDAY, FEBRUARY 11th AND 12th

Like Caesar's
Wife---

The Latest in
Honeymoons

ANTHONY BOND'S bride must be above reproach. How difficult this was you will understand when you have seen "THE FURNACE." For Folly Bond was beautiful, admired, unconventional—and not in love with her husband.

"THE FURNACE" is one of the most powerful dramas of modern marriage ever shown on the screen.

And its setting, lavish costumes, and unusual situations make it a picture out of thousands.

The
FURNACE

THE very latest in honeymoons is that of Folly and Anthony Bond in "THE FURNACE." The morning of their wedding they left via airplane for Monte Carlo. Folly, who had been a popular musical comedy actress, had determined if she became rich to "fly high," and this trip by air to the famous resort was a part of her "high flying" plans. Here is a picture which for drama, power, and dazzling scenic effects has never been surpassed. Don't miss it.

If You Are Considering Matrimony---

Wait! Before you take the plunge, see "THE FURNACE." It is a story of a couple who thought marriage would be a comfortable hearth fire, and it turned out to be a roaring furnace.

It is a picture which every man and woman should see. It portrays some of the most vital problems in life.

Every person in this city will be the better for seeing "THE FURNACE."

NO REPORT ON THE UNCOUN-
ED THOUSANDS ASPHYXIAT-
ED OR POISONED

Belton, Feb. 7.—Incomplete returns received up until tonight at the office of Judge J. W. Sutton, general in charge of the rat killing campaign which was waged throughout Bell county last week, showed that a total of 128,712 rats were killed. All reports were supposed to be in his office not later than tonight, but he announced that those arriving tomorrow morning will be included in the final count.

Judge Sutton expressed himself as highly gratified over the results of the campaign. Thousands of rats have been killed and no report made, he said, and unknown thousands have

been poisoned and asphyxiated, the number of which cannot be estimated even by those killing them. There has been a thorough campaign waged on practically every Bell county farm with most pleasing results.

He estimates that the rats already reported killed would in the course of a year have destroyed at least \$321,780 worth of property.

**OTTO SCHMIDT WILL MOVE
TO GIDDINGS IN SHORT TIME**

Otto Schmidt who has operated a barber shop in Cameron for several years, has sold his business, and will soon move to Giddings, where he will establish a barber business.

Mr. Schmidt is offering his home for sale and hopes to leave in a short time for his new home. He was reared in that section and has many friends there who will be glad to welcome him to that city. Mr. Schmidt returned from Giddings Tuesday night where he had been for several days shop.
